State of the art fabric
protection + service for luxury
homes and commercial spaces

FIBER·SEAL[®]
FABRIC CARE SYSTEM + SERVICES

If it is worth designing, it is worth protecting with Fiber-Seal®. Our protection and service allows your clients to enjoy their luxury interiors, worry-free!

STAINS HAPPEN

Your clients dream of living their lives to the fullest, in a beautiful home, custom designed by you. In well-loved active homes - life happens, stains happen. The dog tracks in muddy footprints, red wine spills at a celebration or a child's art project that's not quiet dry lands on the sofa.

WE'VE GOT YOU COVERED

Clients create memories, we manage the mishaps. Fiber-Seal offers peace-of-mind with specialized protection for all soft surfaces.

The Fiber-Seal Fabric Care System and Service Plan protects and maintains your client's specialty rugs, carpeting, upholstery, wall coverings, and drapery. Our protective treatment makes your fabrics significantly less absorbent without changing the look or the feel.

BEST IN CLASS CUSTOMER SERVICE

Our experienced consultants work directly with your clients to create a customized service plan for maintaining their investment. Our technicians are trained to work in luxurious spaces and take the utmost care in all locations. The team is sensitive to the fact that they are being entrusted with your clients' most important personal asset—their home.

COMPLIMENTARY AFTERCARE

Our service continues well beyond the initial treatment. Each client is given an in home kit for help maintaining the day to day mishaps. Additionally, trained technicians are available for on-site assistance and spot cleanings as needed.

ENVIRONMENTALLY SAFE PRODUCTS

Fiber-Seal protection & spot cleaning formulas adhere to the highest industry safety requirements. We're VERY proud that our most popular treatment products have received GREENGUARD Gold Certification.

The premier name in fabric protection for nearly 50 years. Fiber-Seal offers an array of products to protect and service all soft services.
